Interview with Satan

Season 1, Episode 3

“What a surprise. I’m glad you could drop in tonight.”

“I like to get around – to make my rounds you know and keep on top of things. Its good to be here.”

“First of all, you don’t look anything like I imagined – you look more like an angle of light than the Devil.”

“Its always important to make a good first impression – you never get a second chance. And besides Hollywood is usually portraying me as some sort of bad guy with horns and a tail. Do you see any tail or horns?”

“Well..., ah...no at least not right now.”

“See... there you go – I might not be as bad as you might think.”

“Did you have anything in particular you would like to talk about this evening?”

“Yes, as a matter of fact I want to thank all those people who voted for my agenda in the last election. It was an exhilarating experience for me to win again after four years of being kicked around.”

“But you weren't running for office.”

“No, but my people were, and did they do a fine job.”

“I’m glad it made you happy. Now what would you consider to be your greatest achievements in your long and colorful lifetime?”

“That is hard to say there are so many. Let’s see there were wars, pestilences, disease,

“But those are not good things.”

“Yeah, well some people think so – it made a lot of people very rich.”

“Well money isn’t everything.”

“Oh Yeah, well you just tell me what *you can’t* buy with money.”

“Well there is love.”

“Overrated.”

“There is health.”

“Have you ever noticed the the very rich tend to live longer than everyone else?”

“There might be some truth to that – but how about salvation?”

“Oh come on, people don’t want to sit around on puffy clouds all day listening to harp music.”

“I don’t think heaven will be like that – but didn’t you have some disagreement with God awhile back?”

“Oh yeah that heaven thing – it was a simple misunderstanding – I just wanted a better view so I was going to move my seat. But God he was, – so how would you say it – so jealous and particular he didn’t want anyone else’s seat higher than his.”

“I heard that caused quit a ruckus.”

“Well, we had to make a few adjustments but God eventually did give me my own kingdom and the whole world to rule.”

“So that is how you got the title ***God of this World***?”

“Yeah just like that – right after Adam fell for that – guess what we are having for desert sweetheart, thing.”

“Do you have any special interests or talents that you would like to share with us today? I understand you are quite a musician.”

“Well I don’t play as much as I used to – but I do take time to inspire others to write really good music.”

“What kind of music is that?”

“Practically everything you hear on the radio today. There is very little music that doesn’t glorify me or the worldly lusts.”

“What about Christian Music?”

“I do have a problem with most traditional Christian music – but that is not played much anymore – now modern Christian music is more my style. However there are a few newer songs that I don’t care for.”

“Can you tell me a little about your family – we have heard so much about it – what is your take on things?”

“Well, I have a father of course and lots of brothers.”

“What is your relationship with your father?”

“Well he’s so strict. You know, its His way or else!”

“Does he treat you fairly?”

“He says he does – but he’s always trying to outsmart me – no matter what I do – it always works out for Him and his people. Now that’s just not fair.”

“I understand you were behind the people that put Jesus to death – that wasn’t nice – wasn’t he your older brother?”

“What does nice have to do with it. He was in the way and always causing trouble, I thought that bumping him off was the easiest way to solve my problems.”

“So what happened after he was killed?”

“People started getting saved – what kind of deal is that.”

“Sinners getting to go to heaven just for repenting of their sins and taking his name and his spirit. And after all the work I put in to have people follow me.”

“I don’t see why your so disappointed – didn’t Jesus say, wide is the road that leadeth to destruction and many there be that travel it? And only few people take the narrow road.”

“Look, I’m the God of this World and I expect everyone in this world to follow me – not some dead guy that when he was alive was always stirring up trouble.”

“I see your point. So where do you go from here?”

“I’ve got this guy see – he’s going to take over and rule the entire world right – and he’s going to do every thing I tell him to do. So I’ll finally be in charge the way I want to do things. It will be a great time.”

“But I hear that is only going to be for 7 years.”

“I wouldn’t believe everything you read – haven't you heard of fake news?”

“I thought you invented that.”

“Yeah, well that might be true – but I’ve got a plan.”

“But you said God has always outsmarted you before.”

“Yeah but I’ve had two thousand years to work this one out – we’ll just see who wins this time.”

“Well, I can’t say good luck to your plans for us – but I do thank you for you time. I know you have a very busy schedule.”

“See you in Hell.”

“Maybe not. Good night.”
